

Name: _____

Address: _____

Application for pets must be submitted, and approval granted by WHC, before bringing pets into the WHC property. Permission for pets may be granted at the discretion of WHC. Consideration of property type, configuration and neighbours may be taken into account.

Previous pet approval and/or pets in neighbouring properties is not a guarantee that permission will be granted.

<p style="text-align: center;">I hereby apply to Women's Housing Company for approval of the following pet to be kept at the above property.</p>	<p>Animal (type, breed, size): _____</p> <p>Temporarily (specify timeframe) _____</p> <p>Permanently (If Yes, please tick) <input type="checkbox"/></p>
---	--

If approval for your pet is granted it is under the following conditions.
You MUST agree to these with your signature when submitting your request.

- As the owner of the above pet, I will be fully responsible for its behaviour and welfare.
- I will be responsible for any damage my pet may cause to the property, including common areas.
- There may be increased cleaning costs as a result of keeping a pet, during my tenancy and when I vacate the property. In every case of a dog or cat at the premises, the carpet must be professionally steam cleaned at the end of the tenancy. This may also apply to other animals, at the discretion of WHC. At the end of tenancy, all areas of the property must be returned to their original state, this includes any yard or garden area.
- My pet is not permitted to be unattended and/or uncontrolled in any common area whether internal or external. Dogs must be kept on a leash in common area at all times.
- My pet cannot be at the property unsupervised while I am away overnight or for a longer period of time.
- My pet must not impact on the peace, comfort or privacy of neighbours and tenants at the property. Should WHC receive substantiated and irreconcilable complaints about my pet, WHC reserves the right to withdraw permission for the pet.
- This application relates only to the above pet. Should I wish to keep any additional animals, I must submit separate applications with WHC PRIOR to obtaining any new animal.
- In the event of rehousing, or a management transfer, WHC cannot guarantee to provide me with another property suitable for pets.
- In the event of any breach to the above conditions, WHC may take legal action at the NSW Civil and Administrative Tribunal (NCAT).
